Team / Club Statistics - a bit of fun. 18 clubs represented.

Two or more runners from each club to make a team

Harrogate Harriers were the quickest overall with a mens team of two. York Knavesmire did it for the ladies with the fastest all female team. There were plenty of mixed teams, but only one team can be the best and that was Thames Hare & Hounds.

Roundhay Runners organised this race but still brought the most runners - 29 in all! Thanks to everyone for running.
